What is u-xplore interactive?

u-xplore interactive is an exciting new online multimedia resource which can help you decide:

- where you might want to work when you leave school
- what skills and qualities you might need to work in a particular role
- what types of businesses you might like to work for

Why should I use it?

If you are not sure about your future career or if you just want to know more about different industry sectors. Even if you have some ideas already about what you might like to do when you leave school, **u-xplore interactive** can give you a sneak preview of what the working environment may be like and provide further information on qualifications and skills you will need to get there!

Where can I access u-xplore interactive?

From any computer which has a good broadband connection! You can use it at school or at home. Perhaps you want to show it to your family or talk it through with friends.

You will need to register to use the service. Go to: www.u-xplore.com
